VOLUME CVIII.--NO. 134. ALEXANDRIA, VA., WEDNESDAY EVENING, JUNE 5, 1907. PRICE 2 CENTS.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive *free* booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

APPEARING OLD

Hints as a Bar to Profitable Employment.

You cannot afford to grow old.

In these days of strenuous competition it is necessary to maintain, as long as possible ones youthful appearance.

It is impossible to do this without retaining a luxurious growth of hair.

The presence of Dandruff indicates the presence of a burrowing germ which lives and thrives on the roots of the hair until it causes total baldness.

Newbro's Herpicide is the only known destroyer of this pest, and it is as effective as it is delightful to use

Herpicide makes an elegant hair dressing as well as Dandruff cure.

Accept no substitute—there is none.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use Internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

Dr. Shoop's Catarrh Cure

MR. BRYAN IN BALTIMORE.

In a speech early yesterday morning at the Eutaw House, Baltimore, before the Maryland Democratic Association, Mr. Bryan attacked the men who are booming Roosevelt for a third term, and then assailed John D. Rockfeller by saying:

"Why should a college president go down on his knees to a man who gets money from a trust that has been convicted of crime on 1,400 counts?" Mr. Bryan complimented President Roosevelt "on his efforts during the past four years to further the doctrines of democracy."

"Roosevelt has done more for the democratic party in the last four years than many of our benefactors," said Mr. Bryan, "He has educated the people into knowing that certain things which were wrong and which the democratic party said were wrong, were in reality wrong. He has shown them what a grave evil the trust is.

"We said the country needed money. It said so. We said it wanted quality, as well as quantity. What was the use of having gold as the standard money when there was not enough of it in the country to carry on the business of a city?

"We made our fight for more money because millions of dollars went into the pockets of the money changers. Fortunately, the gold mines gushed forth their output of gold and the situation was saved, and yet who has the effrontery to say that the republican party is responsible for this great change?

"What has the republican party gained in its ten years of absolute control of the country? Nothing but unpopularity for itself. There is only one man in this whole country in their party whose reputation is unsullied, and they are now trying to force him into taking another nomination: They want him to violate the precedent set by Washington, Jefferson and Monroe, and force upon this country the acceptance of a government of the perpetual control by one man. They are using coercion to gain these ends.

"I can remember ten years ago when you all had to walk through the back alleys to attend my meetings, but now you can all walk on the main streets. People no longer think me a fanatic. When I was in Europe I had to cable home that I was not conservative, and I am supposed to have reformed.

Mr. Bryan referred casually to his hope for another nomination by saying that while he had bushwackers on his campaign committee in his last fight, there would be none of that sort next time.

In an interview Mr. Bryan said:

"Senator Beveridge came to my State and said I was a dreamer. Then Speaker Cannon said I was a dreamer, and then two others said so, and, knowing that my word would not count against them, I resolved to look a dreamer up in the Bible. I found there Joseph. This man was a dreamer and he was plotted against. Then he was sold, and everyone thought he was gone, until they found that he was storing corn very quietly, so that I don't mind being called a dreamer, after all.

"As John Boyle O'Reilly said: 'The dreamer lives for centuries, while the toiler dies in a day.' But I cannot be a dreamer. I am only a toiler, who is trying to build the State that Jefferson dreamed of. Jefferson was the great American dreamer. He dreamed of a free people and State, and his dream is becoming a reality. His dream is the party dream, and the dreams are coming true."

"No corporation democrat will be permitted to use the doctrine of State rights for the betrayal of the people. Congress alone has the power to regulate interstate commerce, and those who are unwilling to have Congress exercise this power must know that the States are powerless in such matters.

"To say that Congress shall not regulate interstate commerce is simply to say that the corporations shall regulate it, and the public would rather trust Congress than the corporations.

"I assume that the President will adhere to the opinion which he has expressed on the subject (third term) and will not be a candidate again. It would be a reflection upon the success of his administration if, coming in by an enormouse majority, he had so reduced the popularity of his party as to make it impossible for any other republican to be elected."

Eloped With a Gypsy.

The elopement of Countess Vilma Festetics, a 20-year-old girl of noble birth, with a Hungarian gypsy bandsman named Rudi Nyary, has caused a sensation in Berlin unequaled since the flight of the notorious Princess Chimay with her gypsy lover, Rigi.

Countess Vilma Festetics is the daughter of a wealthy Hungarian magnate. She is very handsome, a good horsewoman and a notable figure in society at Buda-Pesth and Vienna. She was engaged to Count Sigmund Spretti, a distinguished Hungarian nobleman.

A few weeks ago the Countess arrived at Munich, accompanied by her mother and her betrothed.

During their stay Count Spretti took the two ladies to an amusing cafe chantant, where Rudi Nyary played with his band of gypsy musicians every night.

The Countess fell a victim to the fascinations of this swarthy Magyar, and afterwards she wrote him a note expressing her desire to meet him.

The Countess's relatives do not know how, when or where the meetings took place. The first intimation her mother had that she was infatuated with the musician came after her flight from Munich.

Nyary was greatly admired by the women in Munich, and the cafe in which he played was crowded nightly. He is of striking appearance, and about 25 years old.

Piles get quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents. Sold by E. S. Leadbeater & Sons.

A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him." Guaranteed for coughs and colds, throat and lung troubles, by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, JUNE 5, 1907.

A COTEMPORARY says that every day's developments in France emphasize the fact that the recent sailors' and longshoremen's strike in that country was directed primarily against the government and was deliberately meant to try out the issue of strength between the government and the socialistic Confederation of Labor. The strikers themselves make no secret of that fact. They exploit it and boast of it. Nor, worst of all, do they restrict the strike to a purely domestic issue between themselves and their government, but, by arranging a coincidence of dates so as to co-operate with strikers in other countries, they betray the formidable characteristic of the old Internationale, which aimed at the subversion of all sentiments of national patriotism in favor of sympathy with universal humanity. In other words, these French strikers, in order to coerce the French government, are allying themselves with and are seeking and using the aid of the citizens of other lands. The spirit of unrest is pervading every country, and labor commotions have long since become chronic. The disorders incident to such unfortunate conditions are becoming alarming, and there is no telling to what extremes many misguided instigators of turbulence may go. The dynamiting of a crowded street car in San Francisco on Monday was an object lesson. No arrests were made and the perpetrators of the outrage will probably go unpunished. Forty pounds of dynamite in sticks resting under a much travelled bridge were found by two boys in Jersey City Monday afternoon. The explosive was in two tin boxes and three quart milk bottles. The dynamite was placed where found preparatory to blowing up the bridge. James Hawley, senior prosecutor in Boise City, Idaho, where William Haywood is being tried on the charge of murder in connection with the death of Governor Steunenberg, in his opening statement yesterday made a sweeping arraignment of the "inner-circle" of the Federation of Miners, who were charged with plotting wholesale murder and hiring assassins, all in a giant conspiracy of vengeance upon those who obstructed their sway, to destroy opposition by terrorism, to control the political destinies of the communities covered by their organization and to perpetuate their own power within the organization. It charged a widespread conspiracy dating in inception from the north Idaho disturbance, 15 years ago, down to the murder of Frank Steunenberg, a conspiracy whose murdered victims, by bullet and bomb, numbered scores. Hawley declared that wherever in the mining sections of the coast states the federation had been in control there had been left a trail of blood to mark its operations. Of the hired assassins he cried: "To them murder became a trade and assassination a means of living." The rank and file of the masses of laboring men are not generally responsible for acts as described above. They are perpetrated by certain leaders, inner circles or parasites who, for their own aggrandizement, pretend to espouse the cause of the laboring element.

THE ATTITUDE of Japan occasionally causes unrest to certain people in the United States as well as to some in the Mikado's realms. A fight in San Francisco recently between natives of that city and some Japanese is the latest cause for apprehension, and it is feared that the relations between the two countries may be strained before the affair is thoroughly understood by Japan. Actual hostility, however, is not thought of, but the peculiar position in which the federal government is placed in regard to state autonomy and the defiant attitude of the labor interests against Japan's treaty rights, as manifested in the second San Francisco incident, make politicians in Tokio uneasy. Observant people in Japan and the United States are disposed to laugh at the fears of the alarmists.

REV. BENJAMIN HARPER has sent the following startling warning to a New York paper: "On Wednesday, June 5, 1907, the water in and around New York city will be turned to blood for one day only, according to chapter xi of Revelation. Our Lord showed me that His miracle would take place twelve days ago." Chapter xi of Revelation says, in the sixth verse: "These have the power to shut the heaven, that it rain not during the days of their prophecy; and they have power over the waters to turn them into blood, and to smite the earth with every plague, as often as they desire." So far nothing is happening to indicate that today is to witness anything outside the ordinary course of events.

THE FACT that there are no rules governing "union" boarding houses is deplored by Louis Kirmse, proprietor of the Commercial Cabinet Company, of Chicago, who has a strike on his hands because a union woodworking employee objected to the quality of beefsteak served to him for Sunday dinner. Two unions —the carpenters' and woodworkers'— are interested in determining the quality of the steak. The carpenters struck in sympathy with the foreman, who discharged the particular woodworker and was himself discharged. The woodworkers struck because the foreman was reinstated. The plant is practically tied up.

WITH NO particular grievance except that they were "just tired of work," every negro trained nurse in the Lamar Hospital, Augusta, Ga., a large institution for negroes, walked out yesterday leaving no one but the white superintendent and three internes to care for 40 patients, some of whom are in a critical condition. The Lamar Hospital has heretofore employed negro nurses exclusively, under the direction of a white superintendent. The management states that the places of the strikers will be filled with whites at once and that negroes about the institution will be dispensed with.

EIGHT-YEAR-OLD spring chickens have been on the menu in many homes of Montclair, N. J., for the last few days. A tag, faded and almost obliterated, at one corner of the crate in which the fowls were shipped attested this fact. The question that is agitating the minds of the purchasers now is: "If spring chickens are eight years old, what is the age of hens?"

THE ASHES of the late Mrs. Parmelia L. Wortman, of Denver, were thrown to the winds Monday from the top of Pike's Peak during a heavy snowstorm. Mrs. Wortman, who was eighty-five years old, died on May 26. Almost her last request was that her body be cremated and the ashes thrown from the top of the mountain.

WHILE AN insurrection is in progress in China and a famine prevailing, a third horror has distressed that country. Dispatches from the celestial empire say that an earthquake has killed about four thousand persons and caused untold destruction of property.

From Washington

[Correspondende of the Alexandria Gazette.]

Washington, June 5.

Improvement in arc-lamp lighting was the particular subject under consideration at the sessions today of the convention of the National Electric Light Association. G. E. Little, of Pittsburg, read a paper on the magnetic electrode lamp, which was followed by a report taking up flaming and mercury arcs, tube lightning, the Tantalum, Tungsten and Nernst lamps. "Many difficulties appeared in getting an improved light over the carbon type," said Little, "but they have not practically all been overcome. Metallic arcs are adjusted to burn at from 65 to 74 volts in different cases, while carbon arcs are all set at 80. This is a very evident advantage in favor of the metallic arc, as more lamps may be put on a circuit without raising the voltage on the line. The life of carbon electrodes, as a rule, is not over 150 hours, while the metallic-oxide electrodes can go considerably longer." He also claimed the color of the metallic arc was better than that of the carbon.

The general raising of prices of dressed meats throughout the country has been called to the attention of the President and it is more than likely that he will institute an investigation through the Department of Justice. The purpose of such an inquiry would be to ascertain whether the boosting of prices is due to natural causes, or whether there has been collusion on the part of the magnates that might come under the provisions of the Sherman anti-trust act. In Chicago prices of all grades of packing houses products have been increased from 1 to 3 cents a pound and the statement is made that further advances may be expected in the next few days. This increase has been reflected in all the large cities throughout the country where beef is sold. In Washington choice meats are selling at retail from two to three cents a pound higher than they were last week. The excuse given by the meat men is the drastic enforcement of the pure food law.

The Weather Bureau gave out the following bulletin today: A distant earthquake of relatively strong intensity was recorded last night by the seismograph at the weather bureau, beginning at about 10:29 and lasting for nearly one hour. The relatively strong motion was recorded between 10:37 p. m. and 1 a. m. and was distinctly greater in the easterly than the westerly direction. The maximum amount of motion, however, was very small, only about two-tenths of a millimeter. While it is impracticable to determine the location of the origin of the earthquake, basing solely on the Weather Bureau records, we are led to conclude that it was not more than two or three thousand miles distance, and probably to the south of Washington."

It has been definitely established that the incident of the attack upon a Japanese restaurant and bath house in San Francisco of which the Japan government has seen fit to make an internationale affairs, was merely an ordinary street row. The reports will be submitted to the Japanese government and it is expected that the matter will end there.

Admiral Dayton informs the Navy Department that he has sent the cruiser Cincinnati to Amoy, China to assist the gunboat Helena in safeguarding American interests in that vicinity.

President Roosevelt today held conferences with Attorney General Bonaparte and Frank B. Kellogg, the administration's special railroad prosecutor. The subject of the conferences was E. H. Harriman. The President is desirious of bringing suits against the Harriman combine and Harriman personally, if such action should be found to be feasible.

Owing to differences of opinion in administration circles the situation is being thoroughly canvassed. It is understood that Kellogg has recommended prosecution, but that some of the members of the Interstate Commerce Commission are doubtful as to whether Harriman has violated the letter of the law in his various manipulations of railroads and railroad securities. No official announcement was made regarding the result of today's conferences.

Today's Treasury statement: Receipts, $2,355,321; expenditures, $1,380,000.

News of the Day.

A dispatch from London says that Whitelaw Reid, the United States Ambassador to Great Britain, and Mark Twain are among those who will receive honorary degrees at Oxford University on June 26.

Mr. Pollard, a Methodist missionary, at Chao-Tung-Fu China, has been stabbed and mercilessly beaten by Chinese there. The missionaries who have fled from Swatow and Pakhoi districts, praise the conduct of the Chinese officials in dealing with the peasant outbreak.

The explosion of a car load of gasoline at Reddick, a small town near Kankakee, Ill., last night, caused the death of six men. Twenty more men who were near the scene of the explosion were stunned, but none was injured. The bodies were torn to atoms by the explosion. The explosion of the gasoline car followed the derailing of a car with a hot box. Two cars were derailed and caught fire. This spread to the gasoline car and the explosion followed.

A parliamentary commission has refused to recommend the appropriation of $40,000,000, asked by the Italian war office for the reorganization of the artillery and for fortifications. Instead, it recommends a grant of $6,000,000 for artillery, provided the guns required are furnished by Italian factories, and $6,000,000 for fortifications. The commission's refusal is significant, as it amounts practically to a reduction of armaments on the eve of the meeting of The Hague conference.

All the mechanics of the various building trades at present out on strike on the new Metropolitan Club building at Seventeenth and H streets northwest Washington and the row of houses being erected by Middaugh and Shannon on Park road, near Seventh street northwest, will be locked out tomorrow morning. The Employers' Association of the Building Trades will meet this afternoon, and, it is said, declare a general lockout against all the building trades mechanics who have maintained the strike.

The "jim-crow" laws of Southern States and the separate accomodations furnished by carriers, in accordance with those laws, will be discussed at a hearing to be held by the Interstate Commerce Commission, in Washington. The complaint was filed by Georgia Edwards, a negro woman, of Nashville, Tenn., who alleges that the Louisville and Nashville Railroad Company furnishes inferior accomodations for the use of the colored race in the southern States. This, she contends, constitutes a discrimination, under the amended railroad rate act.

The town of Terni, Italy, has been in a state of uproar since yesterday morning owing to rioting by women strikers. Women pickets persuaded large numbers of male workers to stay away from work, and many business establishments had to close for the day. So much disorder prevailed that detachments of cavalry were called out and made several charges on the women, though without much effect. Then the garrison was reinforced by 1,800 men, but the troops were chiefly used to safeguard the banks and business premises. In many cases the women boarded the trains and assaulted workmen who declined to associate themselves with the strike.

Capt. C. D. F. Chandler, of the United States Signal Corps, and his companions, J. C. McCoy and Leo Stevens, of New York, ended their balloon trip yesterday afternoon at 5:45 o'clock at Linglestown, nine miles northeast of Harrisburg, Pa. The trip, which covered 140 miles, required 4 hours and 37 minutes. The balloonists maintained an average height of 4,500 feet above the earth, and at times went as high as a mile and a half. Harrisburg was the first place recognized after leaving Washington. After leaving on their tour the aeronauts encountered cloudy weather and ran through dense clouds. A steady wind from the south drove the big balloon almost due north.

After a conference with President Roosevelt last night, Commissioner Lane, of the interstate commerce commission, announced that before July 1 legal proceedings would be instituted to compel E. H. Harriman to answer certain questions propounded to him by members of the commission at the recent hearing in New York, when the merger of the Harriman lines was under investigation. Previous to his conference with the President Commissioner Lane had conferred with Frank B. Kellogg, special counsel for the government in the Standard Oil prosecution, and it was arranged that Mr. Kellogg should represent the government in the case to be brought against Mr. Harriman.

Storms in Texas.

The most violent storms of wind and rain of the year in and around Dallas Texas, raged from 1 o'clock to 3 yesterday morning. The storm was also severe over north Texas. Fred Dinkelspeel, a commerical traveler from Owensboro, Ky., was filled while turning on an electric light in his room in Dallas. The current from the wire electrocuted him instantly. Much property was damaged.

The Forest Avenue Methodist Church was wrecked and the signal tower at the Texas and Pacific crossing with the Santa Fe, in East Dallas, was blown down.

At New Hope, a village a few miles east of Dallas, the public school building, a store, a cotton gin, and three private dwellings were destroyed. A tornado destroyed much property between Decatur and Chico, but no lives were lost.

Four churches, a schoolhouse, and seven dwellings were blown down at Rome.

Three houses were destroyed and thirteen badly damaged at Justin.

Ben Orchard, a farmhand, was killed three miles from Justin. The property loss by the storm is estimated at $200,000

Battle of New Ross.

Today is the one hundred and ninth anniversary of the memorable battle of New Ross, County Wexford, Ireland, of which the historian has so vividly portrayed and of which all Irishmen refer to with a deep feeling of pride. The principal combatants in this battle were the united Irish army under General Bagenal Harvey and the British troops commanded by Major-General Johnson. The battle was precipitated by the murder of a Mr. Furlong, aide-de-camp to General Harvey, who was treacherously shot while bearing a flag of truce to General Johnson, of the British soldiery. The battle lasted thirtren hours, and after being repulsed four times, and amid frightful carnage on both sides, the Irish completely routed the British and won for themselves a most glorious victory.

Virginia News.

The sixth exhibition of the Horse and Colt Show Association of Loudoun county began in Leesburg today. It opened with 500 entries by well-known exhibitors. In the classes the prizes aggregated $1,200, besides numerous silver trophies.

By digging through the brick wall of their cell and swinging to the ground by a rope made of blankets from their beds R. E. Johnson, William Kuling and R. B. Kull, sailors, arrested on suspicion of being deserters from the United States navy, escaped from the Petersburg jail about 4 o'clock yesterday morning.

It is now believed that the man who was partly incinerated in the Ryan soap factory in Cincinnati was Joachim Portank, a Polish miner, of Roanoke. In the room occupied by the suicide was found a valise, such as is carried by immigrants. It was filled with peasant clothing. Among other things it contained a receipt for a money order sent from Roanoke, Va., to Old Constantine, Russia, by Joachim Portank to Luke Mila, and was for $6.18. It was dated April 9th.

Samuel Gompers, president of the American Federation of Labor, in a speech before the State Federation in Norfolk yesterday, declared that nothing had done so much to reunite the North and South as has union labor. In speaking of the condition of labor in the State at large, he roundly denounced the State convict labor system and pleaded for the protection of working children, whose lives, he said are being ground out. He also made a plea for a more lofty manhood in the labor movement, and, many Confederate Veterans being in the city, he took advantage of the occasion to pay a tribute to the men and women of the Confederacy.

TRAGEDY IN DANVILLE.

John Cabell Coleman, aged twenty-three, and a member of the well-known Cabell family of Virginia, was shot and instantly killed late Monday in Danville by George Lindsay, aged twenty-nine, a mill operative. The shooting took place in a Tenderloin suburb of the city, and, according to the testimony of eyewitnesses, appears to have been done with slight provocation.

Lindsay went to the house of Nettie Dorsett and applied for admission. Upon being refused entrance he began to swear at the woman. He struck her several times, felling her to the groumd in the yard in front of the house.

Coleman, who was in the vicinity, rushed to the woman's aid, saying to Lindsay, who was a stranger to him: "Don't hit that woman again."

To this Lindsay is alleged to have replied: "I will kill both of you," at the same time drawing his pistol and firing point blank at Coleman, who was at a distance of about two feet. The bullet entered the brain just above the eye.

After the shooting, Lindsay, with the pistol in his hand, walked off, and during the excitement which prevailed no effort was made to apprehend him. Chief of Police Morris detailed nearly half of the force Monday night to scour the country around Danville to capture the slayer of Coleman. Mounted officers and a number of citizens, all armed with rifles, started out in various directions.

At about 11 o'clock yesterday Lindsay was captured by members of the posse while walking down the railroad track a few miles south of Danville. He acknowledged that he was the man wanted and offered no resistance. He still carried the pistol with which he committed the deed.

Lindsay was conducted to jail in Danville through side streets to prevent any excitement or gathering of people. He refused to make any statement otherwise than saying that Coleman started at him with his hand in his pocket.

Coleman was unarmed. He had only one arm, the other having been amputated as the result of injuries sustained in a railroad wreck several years ago.

The evidence before the coroner's jury yesterday was strong against Lindsay, and nothing was brought out to show justification.

Coleman was a grand-nephew of Gen. W. L. Cabell, of Texas, commander of the Trans-Mississippi Department of the United Confederate Veterans. He also was a nephew of the late Col. George C. Cabell, who for years represented the Danville district in Congress.

Charlottesville Goes "Dry."

The local-option election which took place in Charlottesville yesterday resulted in a victory for the "drys" by a majority of 40.

Intense feeling prevailed throughout the day, but there were no disturbances. The vote was rapidly polled, and long before the closing of the voting booths nearly all the votes had been cast. A very large percentage of the possible vote was delivered. Both sides claimed a victory until the result was officially declared.

Last night a meeting of praise and thanksgiving was held at the First Methodist Church, and addresses were delivered by leading workers in the day's struggle. The tone of the meeting was distinctly conservative, and one of the most interesting of the addresses was by Robert Clay, a colored man, from Bristol, Va., whose efforts to unite his race in support of the "dry" side contributed effectively to the result.

The First and Third wards showed "dry" majorities aggregating 58, and the Second and Fourth "wet majorities totaling 18, to which total the Fourth ward contributed 1.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Today's Telegraphic News

Croker's Colt Wins.

Epsom, England, June 5.—The English Derby, the blue ribbon event of the turf, was won today by Richard Croker's colt Orby. Croker himself is reported to have won $100,000 on the race in addition to the rich prize. It is said he wagered $10,000 at odds of 10 to 1.

New York, June 5.—There was joy among the sports and politicians of New York today over the victory of Richard Croker's Obry in the Derby at Epsom. With some of the enthusiasts the pleasure was all for the old Tammany chieftain in the attainment of his great ambition, but others had a more substantial reason for being happy, in the anticipation of winnings from England.

There was little or no betting on the race here. Local bookmakers would not lay odds on the English races and the pool rooms also keep away from the game. But some of the wise ones had sent money to England to be placed on Orby.

Ran Through Burning Tunnel.

Wilmington, Del., June 5.—Through a burning tunnel of a scenic railway a roller-coaster car, with an attendant, shot yesterday afternoon. The man did not see the flames until he was halfway down a long incline, going at terrific speed. Unable to stop, he crouched and slashed through the flames and out into the open, his clothes on fire, his hair singed and almost suffocated. The fire, of unknown origin, destroyed about one half of the railway of the Delaware Amusement Company at Brandywine Springs Park, entailing a loss of about $10,000. Edward Berry, who was rushed through the flames, is in a hospital, but is not though to be seriously injured. H. Klair and C. Kaiser, two other employes, were also trapped in the tunnel when the fire started. Klair swooned, but his companion carried him through the smoke and flames to safety, where he, too, fell unconscious.

Scalded in Train Wreck.

Worcester, Mass., June 5.—Three men were so terribly scalded in a freight wreck today that all will probably die, when a fast freight from East Hartford, Conn., going 30 miles an hour, crashed into a switch engine and 10 cars in the New York, New Haven and Hartford yard here.

Eddy, engineer, of Putnam, Conn.; Charles Austin, brakeman, of Hartford, and Oscar Algren, fireman, of Somers, Conn., were in the cab of the freight locomotive and all were burried under the wreckage when the engine left the track, carrying the cars into a pile.

The entombed men were rescued before the flames reached them, but all were suffering agonies from scalds. The engineer and fireman of the switch engine saved themselves by jumping.

May Breakfast.

Lynn, Mass., June 5.—Probably the most unique breakfast was eaten here this morning when several hundred of Lynn's most prominent men waited upon several thousand employes from the city's shoe factory. It is an annual event for Lynn, generally called the May breakfast. From 5 a. m. until 10 a. m. the great Viap building, one of the largest factories in the world, was open to all comers. Breakfast cost 25 cents, and while only the well-to-do were allowed to serve, rich and poor sat and ate together. Practically every prominent office-holder and business man in Lynn was present today, and those in charge took pains to see that they were scattered among the workers and that the flower of democratic spirit was unchecked. The profits which usually average $5,500 go to charity.

Serious Complications.

Paris, June 5.—By the action of the striking sailors at Havre today in voting to continue the seamen's strike, which has tied up French shipping for nearly a week, after the officers employed on the various steamers had decided to return to work, the strike has been greatly complicated. The sailors now stand opposed to both the government and the officers of their own organization. It is feared that serious complications may follow and shipping suffer severely if no violence follows. With the decision of the union committee in Paris Monday night to call off the strike and the vote by the officers on the steamers to go back to work it was expected the strike would end today. Unless a compromise can be reached with the sailors it is feared the tie-up will continue for many days.

Want Better Rails.

New York, June 5.—E. H. Harriman in the role of a defender of the people hurling his gauntlet down before the giant steel trust is the picture unveiled today following the virtual ultimatum of the American Railway Association to the United States Steel Corporation demanding better and more reliable rails. It developed today that the association composed of the executive heads and operating officials of the great railway systems of the country and representing 230,000 miles of railway has appointed a special committee to deal with the Steel Corporation in an effort to procure better rails, the great number of wrecks of the last year having been proved beyond a doubt to be attributed chiefly to inferior rails.

Wedding.

Charleston, S. C., June 5.—Crowning a pretty romance of the recent trip of the Congressional party headed by Speaker Cannon to Panama, Barker Gummere, of Trenton, N. J., who was southern New Jersey's candidate against John F. Dryden for the United States Senate five years ago, was married today to Mrs. Andrew Simonds, at the brides home, Villa Marguite, on the ocean front at Charleston. It was the society event of the season. Rev. J. D. Budds, rector of St John's Cathedral, performed the ceremony and Bishop Northrop pronounced the benediction. Both parties are very wealthy.

Motion Denied.

Concord, N. H., June 5.—Judge Chamberlain today denied the motion of the three trustees recently appointed to take charge of Mrs. Eddy's property for leave to be substituted as plaintiffs in place of the "next friends" who began the litigation to secure an accounting of Mrs. Eddy's property.

Earthquake Shock.

San Francisco, June 5.—An earthquake shock lasting about 10 seconds was felt here at 12:27 this morning. The oscillations was from north to south. No damage has been reported.

Gov. Hughes and New York Legislature

Albany, N. Y., June 5.—Governor Charles E. Hughes today saw the successful culmination of his single-handed contest with an unsympathetic legislature, when it became apparent that every promise he had made to the public would be fulfilled.

The victory followed a remarkable fight in which Hughes employed simple methods so unheard of by politicians that they were astounded. The decisive blow came in the form of a special message on the eve of final adjournment, calling attention to four important reform measures.

The last front of the opposition has fallen away and today the sentiment of erstwhile opponents was voiced by one of them. "What's the use. He'll keep us here all summer. Let's give him all his damned reforms as quick as possible and go home."

The notable victory of the governor in forcing the passage of the public utilities bill, providing for the control of all corporations by commissions to be appointed by him, was followed by the passage of the bill providing for the recount of the votes of the Hearst-McClellan mayoralty campaign of 1905 and several other reform bills.

The latest triumphs came today with the acceptance by the republican Senate of a reapportionment of the Senate districts which kills politically half of the republican members.

Race For Gold Cups.

New York, June 5.—Fourteen sloops, schooners and yawls competing for the gold cups offered by Rear Commodore Henry Mairs, of the New Rochelle Yacht Club and the Brooklyn, New Rochelle and Royal Bermuda Yacht Clubs, are now on their way to St. David's Head, Bermuda. The start was made from Gravesend Bay today under adverse conditions, the little vessels starting away facing strong head winds and a rough sea on their 65 mile voyage.

Fifteen of the yachts were gathered in Gravesend Bay this morning, but at the last moment the sloop Sinla, owned by Hayman Cohen, of the Brooklyn Club, was withdrawn.

The competititors are divided into three classes. A contains schooners of not less than fifty or more than ninety feet; B sloops of forty feet and under and C yawls.

Much interest centers in the race and hundreds of spectators were assembled in yachts and excursion boats to see the start. It is believed the boats will beat the record established last year of 20 days 5 hours and 58 minutes. A record of under five days would not surprise the sharps. It is feared some of the smaller craft may not be able to finish owing to unfavorable weather conditions.

Winston Churchill's Lecture.

Newark, N. J., June 5.—Two thousands persons crowded the new auditorium last night to hear Winston Churchill, novelist and political reformer, of New Hampshire, speak and, incidentally, to be present at the launching of the new idea campaign of 1907 in this State More than half the audience was composed of women, and the cynical said that most of them were there to see the man who created Richard Carvel, Dorothy Manners and a few other characters of popular fiction. He told funny stories and frequently convulsed the audience in laughter over some humorous incident of his late campaign for the governship of New Hampshire.

To Try Motorman.

Elyria, O., June 5.—Preparations are being made today for the early trial of Motorman Feurndiener, charged with manslaughter in connection with the memorial day trolley wreck which caused seven deaths. A true bill was voted by the grand jury late yesterday. Judge Washburn, who was a passenger on the car, will not sit in the case, but will call in some other judge. Furndiener is now out on $5,000 bond. He will probably be called in court today and his bond raised. The indictment for manslaughter is based on the allegation that he was running his car at an illegal speed when he ran into the car ahead.

Received Autograph Photograph.

Akron, O., June 5.—Three farmers who were honored by calls from President Roosevelt last Wednesday have received autograph photographs of the President direct from the White House. They were sent to Wallace Wuchter, at whose home the President stopped last and he was directed to present the others to the "two Mr. Thomases at whose farms I stopt" as the President says in his letter. "One of them gave me a glass of milk and the other had four fine sons."

Terrible Accident.

Birmingham, Ala., June 5.—Three persons were perhaps fatally injured today in a peculiar accident when an electric car dashed into a train carrying fifteen tons of molten metal. The pots were overturned on the cars setting it afire. The hot metal almost covered Mortorman B. Caldwell, inflicting terrible burns. Deputy Sheriffs A. C. Gurley and C. C. Stiler, who were on the car, were also badly burned. The car was completely consumed.

Train Wrecked.

Erie, Pa., June 5.—A west bound freight on the Nickel Plate was wrecked early today at Harber Creek. A broken brake beam caused a car to leave the track. At the time the train was running at a 40-mile clip and cars were piled up, blocking tracks. The wreck immediately caught fire. Several cars were loaded with naptha and these exploded with loud detonations. No fatalities occurred.

The New York Stock Market.

New York June 5.—A heavy tone prevailed all around the room during the forenoon with the majority of the room traders aggressive on the bear side and some scattered liquidation helping a downward movement. London made the tone of the market in the early trading this morning, but there was a general belief that inspiration for London weakness in American stocks came from New York. After an early downward movement the market became irregular with some specialties making moderate advances while the usually active railroad shares continued under pressure.

Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; He says: 'Doctors got badly mixed up over me; one said heart disease; two said it was kidney; the fourth, blood poison, and the fifth stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranted to cure blood poison, weakness and all stomach, liver and kidney complaints, by E. S. Leadbeater & Sons, druggist, 50c.

Without Jurisdiction.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., June 5.—The State Corporation Commission today, in the hearing of the appeal of the American Guild from an adverse report by the Insurance Commissioner, decided that it was without jurisdiction, as the guild is a fraternal organization.

The ruling is important as it means that reports by the Insurance Commissioner involving fraternal orders are not subject to review and reversal. Insurance companies, however, have the right of appeal.

"Certified" Milk

Atlantic City, N. J., June 5.—Instead of dying out with the close of the convention of the American Anti-tuberculosis League yesterday the storm aroused by the charges emanating from Nathan Strauss that the national society for the prevention of tuberculosis is assisting the milk trust of New York to prevent legislation which would save the lives of thousands of babies annually, apparently had just started. Members of the league still here declared that further action must be taken to prove the charges.

Intimations that some one in the national society is accepting graft to stave off laws that would end the promotion of "certified" milk created the greatest stir. Declarations that the national society is also trying to put the league out of existence also called forth indignant declarations.

Delegates to the league meeting declared today that it is up to the national society to make an investigation to show its hand.

Wm. Wertmills, who made the charges, said that while the national society numbers many prominent men it is dominated by Dr. Herman M. Biggs, medical officer of the New York Board of Health. Dr. Biggs, he declared, has been the determined opponent of laws for the purification of the general milk supply, while working for the pure "certified milk" on which it is charged the milk trust makes a profit of several hundred per cent.

The Haywood Trial.

Boise, Idaho, June 5.—Although well aware that during the course of the day she would be compelled to listen to the most serious of the accusations against her husband, the devoted and crippled wife of Wm. D. Haywood was one of the first to enter the court room where Haywood's trial is progressing. She was at the jail at 8 o'clock and talked for half an hour with Haywood before her chair was carried upstairs. In anticipation of Orchard's appearance during the day, a goodly number of spectators were present.

The sheriff detailed additional guards to the aisles. He explained that while he did not expect any attempt to be made to injure Orchard while on the stand testifying, still he did not intend to take any chances.

No time was wasted on preliminaries and the taking of testimony began at once.

Vessel Blown Up.

Paris, June, 5.—A dispatch from Tunis received says that a coaster with seventy men aboard, carrying contraband arms and ammunition, was blown up by the crew off the coast of Tunis today to escape capture.

Explosion of Compressed Air.

In an accident such as has never before occurred in the history of anthracite mining, two men were killed, two fatally injured, and twenty others hurt, in the checker vein of the Pennsylvania Coal Company's No. 14 colliery near Wilkesbarre, Pa., last night.

The dead are Engineer Patrick McCauler, of Pittston, and Driver Boss John Munley, of Plains. Henry Waters and Michael Dillon are fatally hurt and most of the others injured are Slav mineworkers.

McCauler was the engineer of a compressed air locomotive and was hauling out the last load of men when the motor ran out of air. He stopped at a charging station and had nearly completed charging the locomotive when a fall of rock occurred. This must have opened a seam in the air box, for a terrible explosion followed, and the engine was torn into fragments.

McCauler and Munley were blown to pieces, and their remains were gathered up in blankets. Dillon and Waters were standing near-by and were terribly injured. The other men were hurt by flying fragments.

Cornerstone Laying.

The Grand Lodge of Masons of the District of Columbia will lay the cornerstone of the new Masonic Temple in Washington next Saturday. All the arrangements for the event have been perfected and an interesting time is anticipated. The ceremonies will take place in the afternoon. Music will be furnished by the Marine Band. As has heretofore been stated in the Gazette, Alexandria-Washington Lodge of this city has been invited to participate in the ceremonies, and the invitation has been accepted. The trowel used by George Washington in laying the cornerstone of the Capitol, now in possession of Alexandria-Washington Lodge, will be used on the occasion, as will also the gavel which was handled by Washington at that time. The latter belongs to Potomac Lodge of Washington. Mr. A. G. Uhler, secretary of Alexandria-Washington Lodge, has received the following letter from Mr. A. W. Johnston, Grand Secretary.

"Referring to your letter of yesterday and our conversation by telephone, our Grand Master requests me to say that this Grand Lodge and the entire Masonic fraternity of the District of Columbia will rejoice in the presence of your historic Lodge at the laying of the corner-stone of the new Masonic Temple on the 8th instant. A position has been assigned to the Lodge in the rear of Federal Lodge No. 1, on Tenth street between H and I streets, and it is expected that Fredericksburg Lodge, No. 4, will take position in the rear of Alexandria-Washington Lodge. A committee will meet your Lodge at the Mount Vernon station at 12:40 p. m. and escort it to its position."

No one will be permitted to join the parade without wearing the attire appropriate to the occasion; viz., dark clothes and hat, apron and white gloves. Officers and Past Masters will wear their jewels.

Dr. T. B. Cochran, Master of Alexandria-Washington Lodge, of this city, has been appointed by the Grand Master of the District of Columbia as bearer of the trowel. An invitation has been extended to the Master and Wardens of the lodge to attend a banquet to be given at the Raleigh Hotel, Washington, at 7 o'clock Saturday night.

The Wright Case.

In speaking of the respite of Joseph Thomas, alias John Wright, the Richmond News Leader says:

"Largely through the untiring efforts of Attorney James E. Clements, Governor Swanson was induced to grant a respite of ninety days to Joseph Thomas, alias John Wright, of Alexandria county, who was sentenced to hang last Friday for criminal assault. Mr. Clements is counsel for the negro, and has fought persistently for him from the very start. He appealed to the Supreme Court, but his petition was denied by this tribunal, a majority of the judges failing to see that there was sufficient ground for a new trial. But Mr. Clements was undaunted. He presented the governor last week with a voluminous petition, which it will take His Excellency some time to examine carefully, but the lawyer's appeal was sufficient to lead the governor to believe that the negro should be spared until his case can be thoroughly looked into. Meanwhile, the governor will consult former Judge Nicol, before whom the negro was tried, and the authorities of the county."

The petition reads in part as follows: "We believe that a mistake has been made in the condemnation of this man to death. The case was hurriedly tried while public feeling was inflamed, and little opportunity was given for calm, unbiased consideration of the evidence. There seems to be much general doubt as to whether or not any criminal assault was committed, and most grave and serious doubt about the identification of the prisoner as the guilty party, and we most earnestly hope that the death penalty will not be inflicted, and believe that time will reveal circumstances to establish his innocence."

Weddings.

This morning at the residence of Mr. and Mrs. Francis J. Davidson their daughter, Miss Alberta Welborne Davidson, was married to Mr. William Wirt Triplett, of Fauquier county, Rev. P. P. Phillips, rector of St. Paul's Church, officiating. Only the immediate members of the families were present. After the ceremony Mr. and Mrs. Triplett left for the south, and on their return will reside at Markham, Va.

Dr. Joseph Vandevanter Milton, of Hamilton, and Miss Anna Page Maury, of this city, were married in Christ Church at noon today. Rev. G. MacLaren Brydon, of Baltimore, performed the ceremony, assisted by Rev. W. J. Morton, rector of the church.

Miss Sophie DeButts Carter, daughter of Col. R. Welby Carter, of Fauquier county, and Mr. Milton Gore Richardson, a wealthy resident of Boston, were married today at Col. Carter's home, near Welbourne, in the presence of a large number of relatives and friends of the bride and groom, including several from this city.

Mr. Victor H. Wallace, of Washington, and Miss Catharine Bryant, of this city, were married in the Second Presbyterian Church this morning by Rev. J. R. Sevier. This afternoon Mr. A. L. Harding and Miss Fannie Adams Shank, both of Washington, were married by Rev. Mr. Sevier.

The Depot Question.

The committees on general laws and finance of the City Council were to have held a joint meeting last night for the purpose of considering a resolution introduced at the last meeting of Council concerning the removal of the steam railroad passenger stations and depots beyond the limits of Alexandria. The members of the finance committee were present, but the committee on general laws failed to appear. There was an interchange of opinion among the members of the finance committee, after which an adjournment took place until the 20th instant.

A number of Confederate Veterans who have been visiting Washington were in Alexandria today.

Fined Ten Dollars.

The case of Charles Bell, colored, charged with stealing brass from the Southern Railway Company, which had been postponed several times, came before Justice Caton in the Police Court this morning. Bell was represented by Mr. Howard W. Smith, and Mr. S. G. Brent, Commonwealth's Attorney, conducted the prosecution. Several witnesses were examined. Bell in his defense denied that he had any intention of stealing the brasses. He said he had frequently while employed as porter on the company's trains been caught short of brasses similar to those he was charged with stealing, and for that reason he secured the brasses in case of emergency and intended to place them in the equipment box on the train. Mr. Brent, on account of the previous good character of the prisoner, asked the court to impose a light penalty and he was fined $10.

Alexandria Light Infantry.

The Alexandria Light Infantry, Company G, of the Seventieth Virginia Regiment, will leave next Sunday for the Jamestown Exposition, to go into camp for twelve days. About fifty men will go on the trip. They will be in charge of Capt. P. J. Murphy, First Lieut. Windsor Demaine and Second Lieut. Richard C. Talbott. Maj James E. King and staff, of the Second Battalion, Seventieth Regiment, will leave for Jamestown at the same time. The Virginia troops will include one brigade, two batteries artillery, and the battalion of the Richmond Light Infantry Blues. The officers of the Alexandria Light Infantry have not yet received marching orders, and are not informed as to any special features of the encampment.

Verdict for One Cent.

Barbara E. Pope, colored, who sought to recover $10,000 damages against the Southern Railway Company for alleged indignities and humilation suffered at the hands of employes of the company, was yesterday awarded 1 cent damages by a jury before Justice Wright, in Circuit Court, in Washington. She recently bought a ticket from Washington to Paeonian Springs. During the trial of the case she testified that at Falls Church she was "violently ejected from the train" because she occupied a seat in the coach provided for white persons. Evidence controverting this fact was offered by the defense. The jury deliberated but a short time in deciding the case.

Personal.

Miss Lula Barrett and Miss Lucy Douglas will leave this evening on the Norfolk steamer for the Jamestown Exposition. They will be the guests of Mrs. Kate Waller Barrett at her cottage at Cape Henry, Va.

Miss M. E Carlin is visiting her sister, Mrs. William Fulton, at Ellicott City, Md.

Mr. H. C. Jones, of Houston, Texas, is visiting friends in this city.

Mr. George L. Summers, of Barnesville, Ga., is on a visit to his old home.

Mrs. Sibyl Smoot, who has been attending the Woman's College in Baltimore, has returned to her home in this city.

Mr. Geo. W. A. Schrivener, who had been confined to his home by sickness is able to be at work again.

Property Sale.

E. C. Cottrell has sold to F. A. Bayliss a house and lot on the west side of Alfred street, between Gibbon and Franklin.

Jonathan Matthews has sold to Jas. and Alice Fields a lot on the east side of West street, between Princess and Oronoco.

Dr. Samuel B. Moore has sold to Cora L. and Luela Hobertzell two houses and lots on the west side of Alfred street, between Wolfe and Wilkes.

Woman's Auxiliary.

The regular monthly meeting of the Woman's Auxiliary to R. E. Lee Camp was held last night in Confederate Veterans' building. Much business was transacted, the various committees reporting progress in their work. The committee from the building fund reported that they hope to make another payment on the building in the near future, and to that end would ask that all subscribers will respond promptly when called on.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

George Geary, colored charged with destroying the property of Chas. Atwell, was fined $5.

Chas. Bell, colored, charged with stealing brass from the Southern Railway Company, was fined $10.

W. C. T. U.

The regular business meeting of the Allison W. C. T. U. will be held tomorrow (Thursday) afternoon, at 3 o'clock, at Mrs. Huffman's, 414 Franklin street. It is hoped to have a large attendance of ladies as this is the regular monthly board meeting. The regular weekly prayer meeting will also be held at Mrs. Huffman's at 8 o'clock tomorrow evening.

Free Kindergarten.

The regular monthly meeting of the directors of the Alexandria Free Kindergarten Association was held yesterday afternoon. The following subscriptions of $1 each were contributed: Mrs. M. M. Andrews, Miss Anne Minnigerode and Miss Maggie Ashby. The meeting adjourned until the fall.

Death of Mr. Schoeni.

Mr. Albert I. Schoeni, who had been a sufferer from consumption, died at his home, on south Lee street, this morning. The deceased leaves a widow and two children. He was a son of Mr. Albert T. Schoeni. The deceased was a member of Fitzgerald Council, Knights of Columbus.

The Handicap Steeplechase run at Belmont Park, L. I. yesterday, was won by "Navajo," owned by Mr. Courtland H. Smith, of Virginia.

Concert in West End.

The concert and drill given in Meem Hall, West End, by the Misses Rotchford and class last evening was a decided success, despite the threatening clouds. The hall was packed to its utmost capacity with a most appreciate audience, and a handsome sum was realized toward the fence fund. The talent sustained their already established reputation for an evening of accuracy, good music and pleasure giving. Among the selections was a solo by Master Bertram Dienelt, which created much fun as he gave away the little flirtations of the lads and lassies.

Little Miss Lucille Deinelt paid Virginia a most beautiful tribute in a little poem, which she recited very impressively.

In addition Miss Bessie Marks played very effectively a classic solo, while the Misses Rotchford and Studds opened the programme with a piano duet. One special attraction was an instrumental trio by the little Misses Lillie Grillbortzer, Lucile Deinelt and Louise Hart.

The vocal music was fine. Miss Gertrude Newton impersonated the Country Sweetheart in her usual delightful style. Miss Bertie Hancock sang Bobolink which brought forth much merited applause, while her rendition of "Old Fashioned Medicine," together with the trio consisting of Misses Hancock, Rotchford and Evans in a laughing song, was greatly enjoyed.

The applause at the announcement of Mr. Francis A. Reinohl was reiterated unanimously at the close of his song.

A male trio, composed of Messrs. Evans, Lloyd and Hart, rendered some fine selections.

Master Everet Heltmuth, by request, sang the "Chorister" in a creditoble manner.

The programme concluded with a flag drill by forty children of the class. The Misses Rotchford enjoy a deserved reputation for their renditions.

Tragedy in Fairfax.

George Fairfax shot and killed a man named Woodward near Clifton, Fairfax county, this morning. The shooting was the outcome of an old feud. It is said that Fairfax's mind has been affected of late.

Elks' Excursion.

The excursion to be given tomorrow by Alexandria Lodge No. 758, B. P. O. Elks, promises to be largely attended. Nearly all the tickets have been sold, and officials have promised to make this strictly an Alexandria excursion.

Woman Eaten by Wolves.

At the village of Long Lake, within twenty miles of Minneapolis, wolves are supposed to have devoured Mrs. Catherine McCart, of Minneapolis, who went to the place a short time ago to inspect a farm which she owns in the locality.

A dense tamarack swamp is in the vicinity of Long Lake, and wolves infest the district. Of late they have been exceptionally bold and ravenous and have attacked small animals in the barnyards. Bones have already been discovered in the swamp which may be those of Mrs. McCart.

In order to reach her farm from the place where she was staying, Mrs. McCart took a short cut across the swamp, and has not been seen since. The farmers have organized and are running down the pack of wolves.

The June number of Uncle Remus's Magazine has been received from its publishers in Atlanta, Ga. This new magazine is edited by Joel Chandler Harris, and claims, that while national in its scope, it will always be typical of the South; it will preach a cheerful philosophy, and represent all that is sane and sensible, good and true. The needs of the South, its progress and development are to play a large part in the programme laid down and while fiction is to be one of the main features of the magazine, no part of our industrial life and history is to be neglected. This month's issue is the fulfillment of all that is promised by its publishers.

LOCAL BREVITIES.

There was a heavy rain accompanied by thunder and lighting about one o'clock this morning.

A horse attached to a baker's wagon ran away on Royal street this morning. The animal turned into Cameron street, running west, and scattered the contents of the wagon into the street. The horse was stopped before any material damage resulted.

The little four-year-old son of Mrs. Dan Regan, of Fairfax county, strayed from his mother in this city today. The police station was notified and Lieutenant Smith and other officers started on a search for the missing boy. He was later found near the union depot by Mr. Chas. Baggett.

The steamer River Queen, which has for a long time been an excursion boat on the Potomac, in now in Baltimore, and it is said is not to return to these waters. The River Queen had been running on the Potomac since the days of the civil war.

Douglas Lindsey, son of Mrs. Kate and the late Noble Lindsey, broke his leg while playing baseball in the northwestern section of the city yesterday. He was attended by Dr. Jones and was later taken to his home at Braddock Heights.

Fitzgerald Council, Knights of Columbus, will have a called meeting tonight to take suitable action on the death of Albert I. Schoeni, who died this morning at his home on south Lee street.

The "Mercantile" at the corner of Prince and Fairfax streets is giving its customers free admission tickets to Luna Park for Wednesday, June 9, Maccabee Day.

The funeral of the late Herbert H. Wood took place from St. Paul's Church this afternoon. The services were conducted by Rev. P. P. Phillips.

Suicide and Attempts at Suicide.

Harry E. Milburn, a carpenter, living at 211 Mogan street, Washington, killed himself late yesterday afternoon in the Libby lumber yard, at Sixth and K streets, by firing two shots into his head. He is a brother of Lewis Milburn, who is married to a sister of Miss Nan Patterson, of New-York Caesar Young fame, and who conducts a restaurant in the K street market.

Milburn had been drinking during the last few days, and Monday he said that he intended giving it up. Yesterday afternoon he left the house, telling his wife that he would take in the baseball game. Mrs. Milburn was suspicious of her husband's actions and notified the police. Later it was found that he had been drinking again. When Milburn was found he was still alive. He was taken to the Homeopathic Hospital, where he died. He was forty years old.

A few words of writing on a little piece of cardboard was intended to be the last ever heard from W. R. Whisenhunt, a young telegrapher, of Andrews, N. C., who took bichloride of mercury with suicidal intent at the Regent Hotel, Washington, yesterday afternoon. He is twenty years old, married, and came to the city only a few days ago. At the Emergency Hospital it is said that the young telegrapher will probably recover.

A colored woman endeavored to commit suicide by drinking carbolic acid in Washington yesterday.

When Prescriptions are Wanted

Dienelt's Pharmacy enjoys the favor of all intelligent people. The reason is not hard to understand. Reliability describes it exactly. Physicians have made it perfectly understood that their prescriptions must be filled exactly as written and under no circumstances can substitutes be tolerated, therefore the bulk of prescriptions come to us because we and our drugs and medicines are known to be absolutely reliable.

WEDNESDAY EVENING, JUNE 5, 1907.

FOR PEOPLE WILL TALK.

You may get through the world, but 'twill be very slow
If you listen to all that is said as you go;
You'll be worried and fretted and kept in a stew,
For meddlesome tongues must have something to do—
For people will talk!

If quiet and modest, you'll have it presumed
That your humble position is only assumed!
You're a wolf in sheep's clothing or else you're a fool!
But don't get excited; keep perfectly cool—
For people will talk!

And then if you show the least boldness of heart
Or a slight inclination to take your own part,
They will call you an upstart, conceited and vain!
But keep straight ahead; don't stop to explain—
For people will talk!

If threadbare your dress, old-fashioned your hat,
Some one will surely take notice of that,
And hint quite broadly that you don't pay your way,
But don't get excited whatever they say—
For people will talk!

If you dress in the fashion, don't think to escape,
For they criticize then in a different shape—
You're ahead of your means, or your tailor is unpaid;
But mind your own business, there is naught to be made,
For people will talk!

Now, the best way to do is to do as you please,
For your mind—if you have one—will then be at ease.
Of course you will meet with all sorts of abuse;
But don't think to stop them—there's really no use—
For people will talk!

—H. H. Levene.

Arrest of Bogus Count.

Raoul Defly, alias the "Baron de Fly de Mery," has been arrested in Paris after a remarkable career, in which he is said to have made many thousands of pounds as a marriage swindler. A woman accomplice is still at large. The pair advertised in the newspapers some what as follows: "A gentlemen moving in the highest society, aged 36, and earning $9,000 per annum, wishes to marry a very sentimental lady with an income of $750. Address——."

The woman accomplice answered letters which arrived from candidates for the eligible bachelor and invited them to attend a grand soiree. Here she introduced them to a bogus baron, whose handsome and distinguished appearance soon won their hearts.

In each case a marriage was arranged in due course, and when the affair was sufficiently advanced. it is stated, the "baron" would appear with a doleful tale. His brother had been arrested, or his partner had bolted with all the money, and he was in bitter need of a loan for a few days.

The sympathizing fiancee was usually ready to lend him a substantial sum, which she never saw again. If she became suspicious and insisted on repayment, the "baron" flew into a passion of indignation, talked about revolvers and generally succeeded in terrorizing his victim.

One of the deluded women, however, was bold enough to brave a scandal, and she informed the police, with the result that the bogus baron was taken in custody.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bottling biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

A Dangerous Deadlock.

that sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. King's New Life Pills should always be your remedy. Guranteed absolutely satisfactory in every case or money back, at E. S. Leadbeater & Son's drug store. 25c

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

CANDIDATES.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

I hereby announce my candidacy for the democratic nomination for Congress from the Eighth congressional district, and in so doing desire to say that if chosen at the forthcoming primary it shall be my constant aim and endeavor to represent faithfully the interests of the entire district.

In the course of the campaign I shall endeavor to address and meet as many of the voters as possible in order that we may get better acquainted with each other. I earnestly solicit the support of my fellow democrats.
Respectfully,
ma21 tf C. C. CARLIN.

TO THE VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT:

Having determined to become a candidate for the democratic nomination for Congress from the Eighth Congressional District, I respectfully solicit the support of the democratic voters of the district at the primary election to be held June 19th, 1907. If the people of the district shall deem me worthy of the high honor of bearing the democratic flag in the contest for Congress it shall be the ambition of my life to prove worthy of their confidence and support. Respectfully,
ap6 td E. L. GORDON, Jr.

TO THE DEMOCRATIC VOTERS OF THE EIGHTH CONGRESSIONAL DISTRICT OF VIRGINIA:

In a card addressed "To the People of the Eighth Congressional District of Virginia," and published in the press of the district and otherwise, I have heretofore announced my views on the questions of moment which now concern the public.

Adopting that card as a part of this announcement, I now formally announce myself a candidate for Congress from the Eighth congressional district of Virginia, subject to the action of the congressional primary to be held Wednesday, June 19th, 1907.

In the event that I shall be nominated and elected, it will be my earnest desire and ambition to be of service to my district, State and country, and to faithfully represent every interest, and to justify, by every exertion in my power, the confidence reposed in me and honor conferred on me by my fellow democrats.
Respectfully,
C. E. NICOL.
